Phillips, Me., has a citizen who is not easily put out of the way or discouraged. While bathing, years ago, he was seized with cramp and nearly drowned. He entered the army and a horse fell on him. After his return he broke his arm and was otherwise severely injured by a log rolling over him. Later, while lumber driving on Dead river, a landing of logs came down on him and he was taken out for dead about an hour afterwards. In December, 1889, while hauling lumber near Mount Abram, his leg was broken by the recoil of a stick.

The disease then becomes copious and offensive, and if allowed to go un-checked by treatment, will extend by continu-ity of surface along the natural air passages to the substance of the lungs, thus causing con-sumption and death. In this connection it should also be remembered that the air which enters the lungs of a catarrhal patient is, every breath of it, poisoned by exhalations from the foul secretions of the diseased surface. By such air the blood cannot properly be purified and made fit to impart healthy vigor in its unend ing circuit to all and every part of the anima mechanism. One would suppose that this con-sideration alone would be sufficient to inducevery person afflicted to make early applie for relief.

By the system of treatment which Dr. Manan has adopted and pursued for years with Lennan has adopted and pursued for years with uniform success, a complete and permanent cure of this repulsive disorder can be effected.
